

QUESTION AND ANSWER WEBINAR FAQ

Conducted 3/12/2020

Test Administration

We have created schedules, but changes were made to our DCPS calendar. What should we do?

You can make a minor deviation notation in the testing plan that was submitted. Please indicate how the testing dates have changed.

What is the plan in the event we have a closing?

OSSE is monitoring the situation. At this time, we can address individual school's concerns as they come up. OSSE will be communicating updated guidelines with assessment points of contact and through the OSSE Assessment Portal: <https://osse.dc.gov/assessments>.

TAs that attended the OSSE training for DLM, do they still do the online trainings?

TAs that completed and passed the quiz during the training do not need to do the online trainings.
