

New Jersey DLM Participation Criteria for the 2020-2021 School Year

The Dynamic Learning Maps (DLM) assessments are based on the Essential Elements and measure a student's performance on alternate achievement standards. Essential Elements are grade-level-specific expectations related to college-and career-readiness standards for students in the general population. The DLM assessments measure performance on the Essential Elements.

Students who participate in the DLM assessments are not precluded from participating in the menu of options available to meet the state assessment requirement for graduation.

Factors to Determine Participation in DLM

The following factors shall **not** be used to determine participation in the DLM:

- English Language Learner (ELL) status
- Anticipated disruptive behavior during testing
- Poor attendance or extended absences
- Anticipated poor performance on the general statewide assessment
- Impact of the student's score on the accountability system
- Need for accommodations to participate in the general statewide assessment
- Administrative decision

The following factors may not be the **sole** criteria used to determine participation in the DLM:

- Student's disability category
- Percent of day in special education
- Academic and related services the student receives
- Instructional setting

Directions

1. Complete the chart on page 2 for each content area. You may use one form for multiple content areas.
2. Make sure to complete the chart on page 3 of the participation criteria.
3. Retain the participation criteria document in the student record.

Determinations and Assurances

Assessment Determination

Indicate which assessment the student will be taking in each content area. In accordance with N.J.A.C. 6A:14-3.7(e)7, the IEP must document the determination as to whether a student will participate in the general statewide assessment with accommodations or the alternate assessment.

Content Area	General Statewide Assessment	Dynamic Learning Maps (DLM)
