

PA SPECIAL CIRCUMSTANCE CODES 2022-2023

PASA Assessment Coordinators (AC) are required to enter Special Circumstances Codes in Kite Educator Portal for students with special characteristics (e.g., home-schooled) or for those who **do not complete the assessment** during the testing cycle. Keep in mind the following facts about these codes:

- Students must be enrolled and rostered in the Kite Educator Portal with the First Contact Survey completed before they can be coded with any Special Circumstance Code.
- A Special Circumstance Code needs to be added to one testlet in each subject area, even if more testlets were administered in the subject.
- Students who no longer qualify to take the PASA (e.g., taking the PSSA or Keystone) should be exited from the Kite Educator Portal using the directions to exit a student rather than a Special Circumstance Code. Exit Codes and direction for ‘exiting’ a student can be accessed starting on page 109 in the [Data Management Manual](#).

The table below contains the list of the Special Circumstance Codes used in Pennsylvania for the spring assessment window. PASA ACs select from these codes in Educator Portal. Directions for entering the Special Circumstances Code appear after the table.

| CEDS Code | CEDS Special Circumstance | PA Definition/Crosswalk | Additional Considerations |
|-----------|---------------------------|--|--|
| 03454 | Medical waiver | Student has a medical emergency <i>or</i> condition that prohibits them from participating in the assessment for the duration of the assessment window. This can include recent, serious illness or injury, conditions that leave a student medically fragile, or other medical conditions that place the student at risk if assessed (e.g., risk of infection, mental health crisis). | <ul style="list-style-type: none"> • In order to mark the student as not assessed due to a “medical waiver,” a note from a doctor excusing the student from participation or hospital documentation must be on file with the LEA. • Explanation: Medical reasons associated with this special circumstance may vary but must align with the PA Definition/Crosswalk. • Accountability: This code allows schools to omit such students when calculating student participation rates. This will ensure that schools |

Directions for entering Special Circumstance Codes in the Kite Educator Portal are below.

ACCESSING SPECIAL CIRCUMSTANCES CODES

Special Circumstance Codes are specific to test sessions in the spring assessment window only. The codes are descriptive words (e.g., Medical Waiver or Parental Refusal). A Special Circumstance Code can be applied to, edited, or removed from a test session in a subject at any time during the state’s spring assessment window, **but the action must be performed before the window closes.**

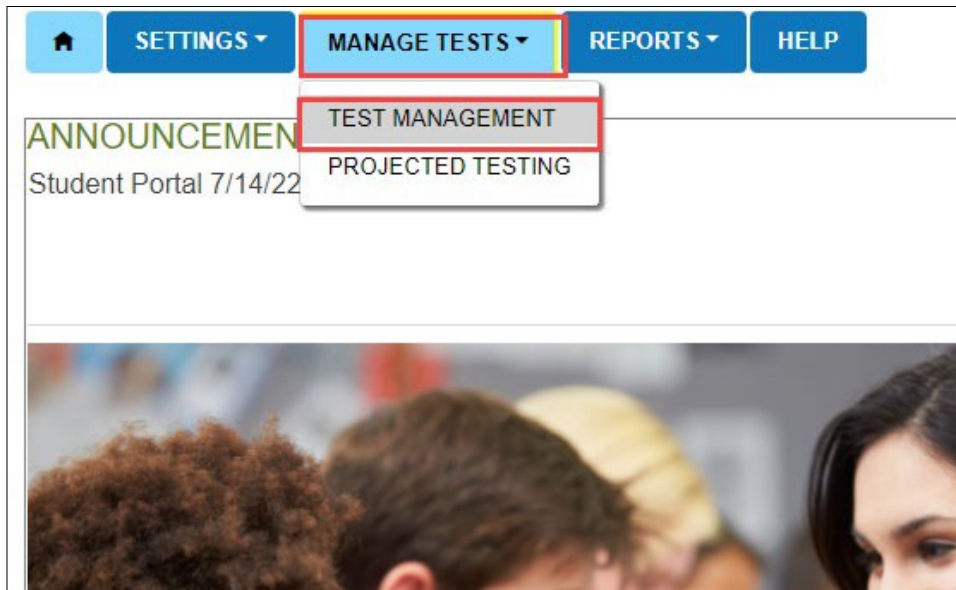

The code must be entered for the test session for each applicable subject. In other words, if a student is not testing in any subjects, a code must be applied to a testlet in each subject to which the student is rostered. If later the code must be edited or removed for all subjects, the action must be performed for the code that was entered. The actions must be taken before the close of the spring assessment window.

NOTE: Entering a special circumstance code does not prevent further testing.

ENTERING A SPECIAL CIRCUMSTANCE CODE

Follow these steps to enter the special circumstance code for a student in the spring assessment window.

1. Select **Manage Tests** and then **Test Management**.

2. Select the following options in these fields:
 - **School:** the appropriate school
 - **Testing Program:** Summative
 - **Subject:** English language arts, mathematics, or science
 - **Grade:** the student’s grade

5. The user is automatically taken to the **End Test Session: Select Student** screen. Select the **student** and scroll to the far right.

NOTE: Roles that do not have permission to apply special circumstance codes will not have the **Special Circumstance** column.

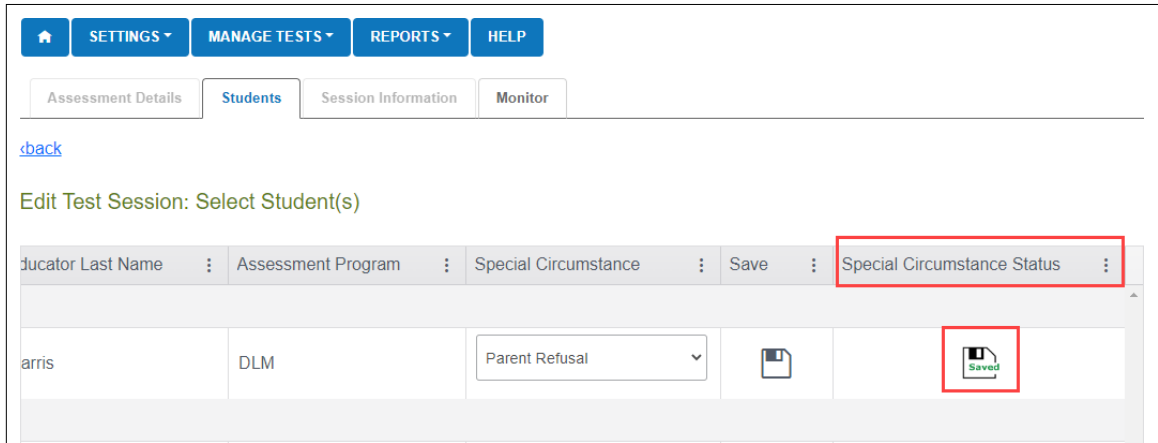

6. Select the arrow in the dropdown menu and select the applicable Special Circumstance Code. In the following example, the user chose Parent Refusal.

7. Select **Save**.

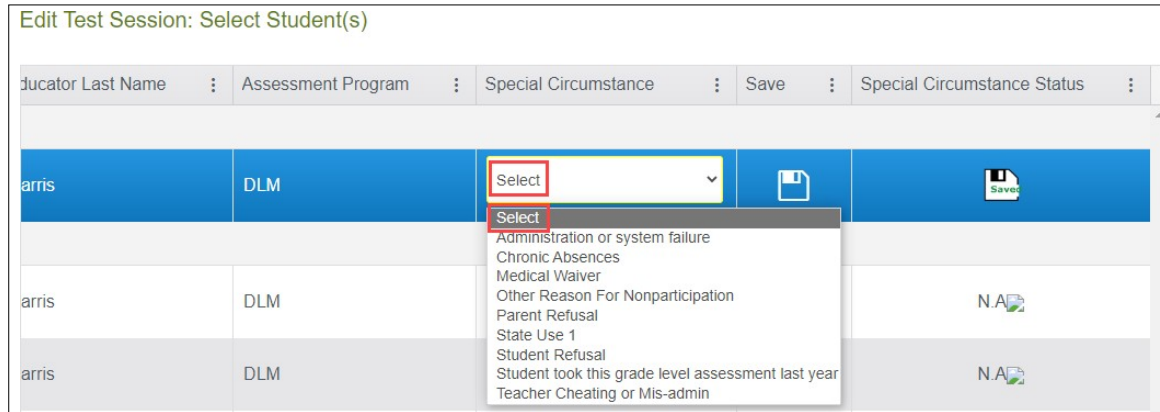

8. The test session and subject are updated as indicated by the icon with the word **SAVED** displayed in the **Special Circumstances Status** column.

9. To edit an applied code, follow the same steps used to enter a code:
- Go to the **Special Circumstance** drop-down menu.
 - Choose a different code. (In the following screenshot, the user changed from Parent Refusal to Medical Waiver.)
 - Select the **Save** icon.
 - The word **Saved** displays in the **Special Circumstance** status column.

10. To delete an applied code:
- Scroll to the drop-down list of special circumstance codes.
 - At the top of the list, choose **Select**.
 - Select the **Save** icon.
 - The word **Saved** displays in the **Special Circumstance** status column.

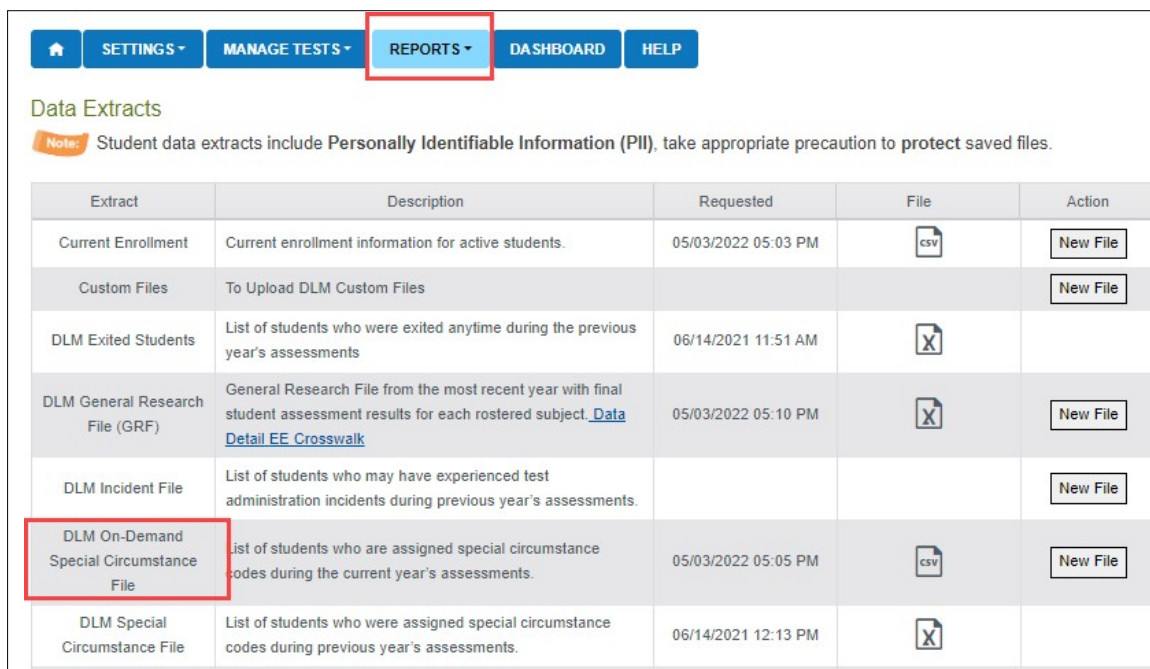

NOTE: A Special Circumstance Code must be entered, edited, or deleted before the close of the Spring Assessment Window.

On-Demand Special Circumstance Code Extract

For states that allow the use of Special Circumstance Codes during their spring assessment window, the DLM On-Demand Special Circumstance extract is available for monitoring the codes that are added during the window (Figure 1). The extract is available to the same roles that have permission to add the codes. To learn how to access this extract, go to the EDUCATOR PORTAL USER GUIDE > Access Reports and Extracts.

Figure 1. Screenshot of the DLM On-Demand Special Circumstance File in the list of extracts.

The DLM On-Demand Special Circumstance File is available to the SAA, DTC, and the Building Test Coordinator roles depending on state policy. The DLM Special Circumstance File is the end-of-year file for the SAA role only.
