Maps (DLM)**

UPDATED March 2021

Directions: The codes provided below are to be used for schools to designate the reasons why students who had been expected to participate in the NYSAA were unable to do so. In order to input any of these codes into the assessment record, the district test coordinator (DTC) must first enter the student's demographic information into the Educator Portal and then roster the student to a teacher. Next, the teacher must complete the first contact survey for the student. This results in a testlet being generated for the student. Once the testlet is generated, it must **NOT be** opened. Instead, the teacher must notify the DTC that a special circumstance code needs to be applied. The DTC enters the appropriate special circumstance code one time **per** content area **before** the test window closes. Documentation of the special circumstance must be kept on file by the LEA.

Receiving Entirely Remote Instruction	The student was unable to participate in the NYSAA due to receiving entirely remote instruction during the test administration period due to the pandemic.	Student could not test due to COVID-19 (20203)
